RE: Ruby Red Mine Bond

Dear Mr. Haddock:

Per our conversation this morning, I am writing to let you know I spoke with Jay Finlinson at Zions Bank, Delta regarding placing the Division of Oil, Gas & Mining on the Ruby Red Mining Bond as co-beneficiary with the Bureau of Land Management. I subsequently spoke with Jerry Mansfield at the Fillmore Office of the BLM regarding this issue. I have enclosed a copy of my letter to him formally requesting a letter from the BLM that I will take to the bank and precede with getting you on the bond.

As my attorney has not returned my phone calls or responded to my e-mails since December 6, 2007 I am going forward as best I can to resolve this issue with Division of Oil, Gas & Mining. I have also called Jim Kelsey and left messages for him to return my call, which he hasn't. I want to be on record that I did seek legal advice on this matter, and I did try to communicate with Jim Kelsey to resolve the issues now before us on the mining claims.

I would also like to request once more a copy of the signature card from the certified letter you sent to me at P. O. Box 365. The letter was sent approximately two months ago. I want to know who signed for my letter. Further, please send any communications to me at the above address. I would also like to know how many letters you have sent to me (during the past two years) at that post office box.

Thank you so much for your patience and consideration in this matter.

Sincerely,

Jean Smith
